

Kendall Lille Grey Maxi

Product Information

One of the most highly absorbent diapers available in the market today.

Designed for individuals with heavy incontinence and is more absorbent than then Lille Green Super Plus range.

Anti-leak protection materials ensure that clothes, chairs, beds and other elements in the surrounding environment remain dry.

Breathable non-woven top layer is soft against the skin and provides a stay dry barrier.

Re-sealable tapes facilitate refitting after toileting.

Wetness indicator provides a guide to the caregiver when the diaper is full without the need to remove the diaper.

Front elasticated waist band for more comfort.

Contains odour neutralisation materials.

Suitable for long hours and overnight use.
