

Molimed® Pants Active

The discreet pants designed to help cope with light bladder weakness

Light, inconspicuous pants with a Dry Plus fluid distribution layer and an odour neutralizing superabsorbent core; complete non-woven covering on the surface; bodyshaped pad with elastic leg gathers; impermeable backside with a cloth-like outer cover; offer high wear comfort with maximum protection against rewetting; are not noticed when worn and can be put on and off like normal underwear; supplied with disposal bags.
