

Isocal Powder

(Mead Johnson)

Isocal is a nutritionally complete diet for both tube-feeding and oral supplementation.

Provides isotonic feeding to avoid problems associated with diets of high osmolar concentrations, contains no lactose to avoid diarrhoea and other adverse effects associated with lactose intolerance. Contains MCT oil which facilitates digestion and absorption of fats. 100% of the US RDA's for proteins and essential vitamins and minerals are contained in 2000 kcals. Information: Contains: Maltodextrin, Corn Oil, Casein, Sucrose, Medium Chain Triglycerides, Soy Protein Isolate, Minerals, Glyceryl Monostearate, Vitamins, Artificial Flavours, Glucose Polymers, Choline Chloride and Ascorbyl Palmitate. Cautionary Instruction: Not for intravenous use. 425g per tin
