

ProSure (Abbott)

Energy Dense, High Protein Nutrition with EPA for cancer-induced weight loss.

EPA*, an omega-3 fatty acid derived from fish oil, which normalizes some of the metabolic processes that cause weight loss in cancer patients.

Quality protein to help rebuild muscle mass.

Enhanced levels of vitamins and minerals that are commonly reduced in cancer patients.

Complete, balanced nutrition to help fight weight loss.

Low in fat to help with digestion.

FOS⁺, a soluble fiber that helps maintain a healthy digestive tract.

Detailed Description:

Prosure is a 1.25 kcal/ml high protein, complete balanced liquid supplement enriched with omega 3 fatty acids and antioxidants. Prosure has increased levels of vitamin E and C, folic acid, magnesium, phosphorus and zinc. Prosure also contains fibre and fructooligosaccharides.

The logo for ProSure is displayed in a light blue, serif font with a subtle drop shadow. The word "ProSure" is written in a single line, with a registered trademark symbol (®) at the end. The logo is centered within a white rectangular area that is set against a solid orange background.

Ingredients:

Water, Maltodextrin, Sodium Caseinate, Sucrose, Marine Oil, Fructooligosaccharides, Arabic Gum, Whey Protein Concentrate, Fractionated Coconut Oil, Potassium Citrate, Tricalcium Phosphate, Flavourings, Magnesium Chloride, Canola Oil, Sodium Citrate, Soy Oil, Vitamin C, Emulsifier: E322, Choline Chloride, Potassium Chloride, Vitamin E, Taurine, L-carnitine, Zinc Sulphate, Stabiliser: E418, Ferrous Sulphate, Citric Acid, Niacin, Calcium Panthothenate, Manganese Sulphate, Vitamin A, Copper Sulphate, Beta Carotene, Vitamin B1, Vitamin B6, Vitamin B2, Folic Acid, Chromium Chloride, Sodium Molybdate, Potassium Iodide, Sodium Selenate, Vitamin K, Biotin, Vitamin D, Vitamin B12

Indication: For the dietary management of oncology patients with cachexia. **Dosage:** Prosure is ready for use. Shake well. Open immediately prior to use. Prosure can be sipped through the straw provided or can be poured into a glass after removing the pull tab. Once opened, store in a refrigerator, discarding any unused feed after 24 hours. Store unopened at room temperature.

The recommended dosage is 2 packs per day (32g of protein). Do not exceed 3-4 packs per day. Do not use in children under 1 year of age. Use with caution in children under 4 years of age. **Cautionary Instruction:** This product is not suitable as a sole source of nutrition. It should be used as a supplement under medical supervision. Not for use in galactosaemia. Not for parenteral use.
