- These rates are applicable for used equipment only. Rental rates for brand new equipment will be quoted upon request, which can be as high as a minimum of 50% of selling prices for the 1 st month. Correspondingly, the refundable deposit may be more.
- Weekly rental may be applicable, at one-third the monthly rates.
- Minimum rental value must not be less than \$30
- If extension of rental period is required, top-up payment should be made before commencement of extension.
- Unless otherwise stated, transport fees will be charged if the equipment needs to be serviced during the rental period.
- In case of equipment breakdown, the equipment needs to be carried-in to any of our outlet or workshop for repair. A replacement unit will be offered at the same time so that there will be no interruption of use. If delivery is requested, it will be done only during office hour, and charges will apply.
